Authorization for this examiner's amendment was given in a telephone interview with Laura Moskowitz on October 13, 2004.

device of a connection request destination, comparing the transferred device identification information to identification information contained within received inquiry responses, and establishing a link between the connection request source and the connection request destination if the transferred device identification information matches the identification information contained within one of the received inquiry responses, as set forth in claim 1 and incorporated in dependent claims 2-8 and 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
